Experience

Product Design Intern

Sep 2025–Dec 2025

JETZY | New York, USA | Remote

- Conducted user research, competitor analysis, and usability testing to improve mobile app experiences.
- Designed user flows, wireframes, and interactive prototypes in Figma using user-centered design principles.
- Collaborated with cross-functional teams throughout product discovery, design reviews, and iterative development.

Yacht Design Intern

Jul 2025–Aug 2025

Akalın Yacht Design | Istanbul, Türkiye

- Assisted in the design development of a 45-meter luxury yacht project.
- Created detailed 3D models and supported material selection and interior/lighting detailing.
- Collaborated with senior designers to develop functional and aesthetic design solutions.

Industrial Design Intern

Jun 2025–Jul 2025

Teos Yachting | Izmir, Türkiye

- Revised production-ready 3D models using Rhino and prepared visualization renders in Twinmotion.
- Observed fiberglass manufacturing, assembly, and production processes.

Camp Counselor

Jun 2024–Aug 2024

Camp Comstock | New York, USA

- Supervised daily activities for children in an international summer camp.
- Fostered communication, teamwork, and leadership in a multicultural environment.
