Summary

Industrial Designer with international experience in product design, UX/UI, yacht design, and project management. Experienced in user-centered design, prototyping, and cross-functional collaboration through internships in the United States and Türkiye. Passionate about creating user-centered products that integrate functionality, aesthetics, and business strategy.

Experience

Product Design Intern

JETZY | New York, USA | Remote

September 2025 to December 2025

- Conducted user research, competitor analysis, and usability testing to improve mobile app experiences.
- Designed user flows, wireframes, and interactive prototypes in Figma using user-centered design principles.
- Collaborated with cross-functional teams throughout product discovery, design reviews, and iterative development.

Yacht Design Intern

Akalın Yacht Design | Istanbul, Türkiye

July 2025 to August 2025

- Assisted in the design development of a 45-meter luxury yacht project.
- Created detailed 3D models and supported material selection and interior/lighting detailing.
- Collaborated with senior designers to develop functional and aesthetic design solutions.

Industrial Design Intern

Teos Yachting | İzmir, Türkiye

June 2025 to July 2025

- Revised production-ready 3D models using Rhino and prepared visualization renders in Twinmotion.
- Observed fiberglass manufacturing, assembly, and production processes.

Camp Counselor

Camp Comstock | New York, USA

June 2024 to August 2024

- Supervised daily activities for children in an international summer camp.
- Fostered communication, teamwork, and leadership in a multicultural environment.

Languages

- Turkish (Native)
- English (B2)
- German (A2)
